

INFORMATION RELATING TO COMPLETION OF THE “REQUEST FOR BED CHANGE” FORM (#-81500A)

BACKGROUND:

In a May 2000 State Operation Manual (SOM) revision, the Kansas Department of Health and Environment (KDHE) was advised by the Centers for Medicare & Medicaid Services (CMS) of a change that takes place immediately regarding bed change requests from providers in Medicare/Medicaid facilities.

Medicare/Medicaid participating facilities may elect to **change the number of beds** that are certified to participate in the Medicare or Medicaid program up to **two times per cost reporting year** in accordance with the requirements set out in the May 2000 SOM, Revision 16. In other words an institution or institutional complex may only change the bed size of its SNF and/or its NF once on the first day of the beginning of its cost reporting year and again on the first of a single cost reporting quarter within that same cost reporting year in order to effect a change. **At no time** can the KDHE **approve two decreases** in the bed size of an institution within the same cost reporting year.

REQUIREMENTS:

Institutions or institutional complexes seeking a change in the number or location of Medicare and/or Medicaid certified beds must use the attached Request for Bed Change form to accomplish the following:

- ☐ **submit a written request** to the Kansas Department of Health and Environment (KDHE) for the change 45 days before:
 - the first day of its cost reporting year to effect a change on the first day of its cost reporting year **or**;
 - the first day of a single cost reporting quarter within the same cost reporting year at which time it seeks to change its bed size to effect a change on the first day of the designated cost reporting quarter; **and**
- ☐ **submit floor plans** identifying all areas of the institution or institutional complex with the current certified bed configuration and the proposed certified bed configuration in order for KDHE to determine that the proposed change is in fact, in conformance with the rules for the participation or distinct part certification, which ever applies; **and**
- ☐ include a **reference to the cost reporting year** of the institution or institutional complex.

KDHE will review providers request and notify them in writing of our determination regarding the request, including the effective date of the change in bed size and the bed locations, prior to the start of the cost reporting year or the cost reporting quarter, whichever applies. Please direct your inquiries and requests you may have regarding bed changes to Tamara Wilkerson, Certification Coordinator at 785-296-1263.
